# Sending and requesting money through giropay.

Send* money

1. Select the recipient from your contacts.
2. Enter the relevant amount and confirm. You can also add a message or emojis.
3. The recipient will be notified of the payment and it will usually show instantly on their account.

Request money

1. Select the recipient from your contacts.
2. Enter the relevant amount and click on "Request money".
3. The recipient will be sent a Push notification with a payment request. If they accept the request, giropay will automatically complete the payment.

* Works in the same way as a standard bank transfer.
