

## Setting up Apple Pay.

There are two easy ways to add a card to Apple Pay:

### With the Sparkasse app:

1. Open the Sparkasse app.

2. Tap "Apple Pay".

3. Find your card of choice and tap "Add to Apple Wallet".

4. Authorize the selected card with a TAN.

5. Confirm the digitalized card in the Wallet app. **Done.**

### With the Wallet app:

1. Open the Wallet app on your Apple device.

2. Tap the plus icon.

3. Select "Sparkasse" from the list of banks.

4. Select your chosen card under "card type" and follow the instructions.

5. Authorize the selected card in the Sparkasse app with a TAN. **Done.**

To add a Sparkasse credit card or a Sparkasse basic card (debit card), you can alternatively select the card by holding the camera of the Apple device over the card.
